Executive Assistant  
to the Tribal Council  
*Dione Kitchen*

Tribal Executive Officer  
*Steven Estrada*

**To:** Soboba Tribal Members & Residents  
**From:** Soboba Tribal Council  
**Date:** April 14, 2021  
**Subject:** Reservation Opening & Covid-19 Precautions

---

Covid-19 infection rates have declined in California and across the United States. As a result, many state and local governments have been slowly easing restrictions.

Last year, during the height of the pandemic, the Soboba Reservation overall was restricted by the Tribal Council. In light of the decrease in transmission rates and the availability of vaccines, the Tribe is easing these restrictions and opening the reservation.

The various facilities on the reservation are open for use, but will have revised protocols in place. Be sure to contact a facility prior to visiting in order to be updated on their specific protocols. We urge individuals to still be mindful and cautious. The threat of Covid-19 and its variants is still present. Please be responsible and follow safety precautions that are recommended.

There are a number of resources available, including vaccines through R.S.B.C.I.H., Inc. For further clarification, please check the CDC website for updated information pertaining to Covid-19.
